

# CJS ENGINEERING LTD

## SOFTWARE & COMPUTER FACILITIES

The CJS design office is excellently equipped for undertaking work away from your premises. This frees up your office space and reduces expenditure on equipment and software. Work can produced in any of the following formats:-

### 2d & 3d design draughting:

Autocad LT  
Autocad  
Microstation v8

### 3d mechanical modelling:

Solid Works  
Autodesk Inventor Series

Solid Edge \* CATIA \* Pro E \*  
Unigraphics \* I-DEAS\*  
\* Software not in-house at present  
but engineers available to work at  
client's sites.

### Other design services:

GTX Rastercad. For editing of scanned images & conversion of manual drawings.

Autotrack Lite. Vehicle swept path analysis, for highway design, road curves, plant layout etc.

Autodesk 3D Studio Max. For professional visualisations & animations.

### Structural & Civil design:

StaadPro  
CADS 3D Analyse  
Mathcad  
FEA - Ansys etc.

### General office support:

20 networked work-stations  
Microsoft Office  
Microsoft Project  
AVG Anti-virus network edition  
Veritas BackUp Exec  
ADSL Broadband  
Full plotting & copying services
